

## When I grow up ...

Give it back

Time to wake up now

In you go

This presentation provides a visually engaging big picture view of what affects young people's experience of 'growing up' ... what can make that a more positive experience ... and introduces an innovative and empowering life and communication tool.

### Take home message ...

- ? The advantage of adopting a 'big picture' approach to community wellbeing.
- ? Practical ways to empower young people to think critically and view themselves and life in a more positive way.
- ? How to implement a simple tool that can help young people communicate what's happening for them
